

AMENDMENTS TO THE DRAWINGS:

The attached sheet of drawings includes changes to Figure 7.

This sheet, which consists of Figure 7, replaces the original sheet consisting of Figure 7.

In Figure 7, the words "Erase Details of Original Character Data" (reference numeral S23) are deleted and replaced with "Erase Original Character Data"

Attachment: Replacement Sheet
Annotated Sheet Showing Changes

REMARKS

In reviewing the English language specification, Applicant has found two clerical errors and respectfully requests that corrections be made at this time.

In paragraph [0127] of the specification the word "maximum" should be changed to "magical". This is consistent with paragraph [0114].

In Figure 7, reference S23, "Erase Details of Printed Character Data" should be deleted and replaced with "Erase Original Character Data". This amendment is supported at paragraph [0107], (page 17, lines 11-13), which states "the CPU 41 transmits a control signal to the R/W 50, so as to erase the original character data stored in the trading card (step S23)..."

It is respectfully submitted that these errors were made without deceptive intent and that no new matter has been added by these amendments.

Respectfully submitted,

Ronald R. Snider
